

AUTOMOTIVE PARTS SOLUTIONS

Extended Part Warranty

Automotive Parts Solutions offers a 12-Month, 36-Month and Lifetime Unlimited Mileage Limited Part Warranty. Please refer to your APS invoice for the length of warranty coverage that was purchased with your part. The part must be installed within 30 days from delivery date. Automotive Parts Solutions may at its discretion choose to repair, replace or provide a refund for any defective part to the original purchaser provided warranty terms are met. An APS inspector will be dispatched to physically inspect, verify and submit a report of their findings.

12 Month, 36 Month & Lifetime LIMITED PART WARRANTY

Subject to the limitations below Automotive Parts Solutions expressly warrants to the original purchaser from the original date of purchase against the failure of the part due to defects in Automotive Parts Solutions' materials or workmanship (a defective part). **ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE ARE LIMITED TO THE EXTENT ALLOWED BY LAW AND TO THE TIME PERIOD COVERED BY THIS WRITTEN WARRANTY.** If the purchaser complies with the terms of this warranty, Automotive Parts Solutions may at its discretion repair or replace a defective part. Automotive Parts Solutions may at its discretion provide a refund equal to the price paid for the part in lieu of repair or replacement of the part. The foregoing is the only sole and exclusive remedy under the terms of this warranty.

EXCLUSIONS

1. Incidental or consequential damages including, but not limited to, damage to or the cost of related parts, loss of income, travel expenses, loss of transportation, towing fees, rental vehicles or diagnostics are not covered by this warranty.
2. Parts installed in vehicles used for fleet or commercial purposes are not covered by this warranty.
3. Parts installed in vehicles that are raced or used off-road are not covered by this warranty.
4. Parts installed in vehicles with modifications including but not limited to the installation of parts not originally intended for the vehicle by its manufacturer are not covered by this warranty
5. This warranty does not cover damage to failure arising directly or indirectly from improper installation (not in accordance with the original equipment manufacturers specifications) or related vehicle problems, misuse, maintenance, neglect, abuse, overheating, vandalism, abnormal operation, environmental conditions, accident or any damage which are apparent and not reported at the time of delivery.)

GENERAL LIMITATIONS

1. This warranty is extended only to the original purchaser and is not transferable. You must be able to provide an original receipt in your name for the warranty claim to be considered.
2. Any repairs or removal of the part not authorized by Automotive Parts Solutions will void the warranty.
3. We reserve the right to have the part inspected to ensure that all the pertinent provisions of this warranty have been met prior to any replacement, repair or refund.
4. **THIS WARRANTY IS NULL AND VOID IF:**
 - a. Failures are caused by non-covered components, improper installation, failure to clear computer codes, defective workmanship, usage for which the part was not intended and/or improper maintenance (e.g. using the incorrect types and levels of fluids and lubricants as specified by the vehicle manufacturer).
 - b. Product is installed in an application for which the vehicle manufacturer did not intend it.
 - c. Failure is caused by towing a trailer or other vehicle unless your vehicle is equipped for this purpose as recommended by the vehicle manufacturer.
 - d. Product is installed or operated outside of the United States.
 - e. Failure is caused by or related to a collision, fire, theft, vandalism, riot, explosion, lightning, earthquake, windstorm, hail, water, freezing, flood or any other Act of God.
 - f. Failure is caused by neglect, abuse, misuse, racing (whether on road or off-road), or modifications to the vehicle.

- g. There is evidence that the vehicle was continually operated after a failure occurred.
 - h. The heat tabs are missing, tampered with, melted, misplaced, or otherwise not as originally installed.
6. The part may have accessories that are attached and must be switched or removed to accommodate proper installation which is the responsibility of the installer. Such accessories are not covered by this warranty.
 7. This limited warranty gives you specific legal rights, and may also have other rights which vary from state to state.
 8. Automotive Parts Solutions does not authorize any person to create for it any obligation or liability in connection with this warranty.
 9. Normal wear and performance derogation over time do not constitute a part failure or a claim.

ENGINES: This warranty is limited to defects in the long block and does not cover any accessory items.

Best practice procedures below:

- Replace the following with new parts: timing belt (if applicable. If timing chain engine, do not replace), water pump, thermostat, spark plugs, fluids, front crankshaft seal, rear main seal, oil pan gasket, and oil filter.
- Ensure oil and other fluids are filled to the proper levels with correct fluid types according to the vehicle manufacturer's guidelines.
- Flow check the radiator and replace if necessary
- Install engine in accordance with vehicle manufacturer's guidelines, including any current Technical Service Bulletins that apply.

After installation:

- Change the oil after the first 600 miles and then once every 3,000-5,000 miles thereafter.
- Service the vehicle at proper intervals in accordance with the vehicle manufacturer's guidelines.

TRANSMISSION (Automatic):

Best practice procedures below:

- Replace the following with new parts: front pump seal, output shaft seal(s), pan gasket, and filter (where applicable. If no filter exists, screen must be cleaned thoroughly).
- Replace or flush cooler and lines in accordance with the vehicle manufacturer's guidelines, including any current Technical Service Bulletins that apply.
- Fill Transmission/transaxle to the proper level using correct fluids in accordance with the vehicle manufacturer's guidelines.
- Reset computer codes.
- Adjust mechanisms.

After installation:

- Change transmission fluid at proper intervals in accordance with the vehicle manufacturer's guidelines.

AXLE ASSEMBLIES, MANUAL TRANSMISSIONS & TRANSFER CASES:

Best practice procedures below:

- Replace the following with new parts: seals and gasket cover where applicable.
- Fill fluids to the proper level using correct fluids in accordance with vehicle manufacturer's guidelines.
- All tires on the vehicle must be the same size, brand, make, model and tread depth.

After installation:

- Change fluid at proper intervals in accordance with the vehicle manufacturer's guidelines.
